District Horticultural Society Decide To Hold Two Flower Shows Here Next Summer

Policy Adopted To Accommodate Growers Of All Types Of Flowers—Stimulated By Success Of First Flower Show, Efforts Will Be Put Forth To Make Next Show Larger And Better—Chairman Of Various Committees Give Encouraging Reports.

The large attendance of members and friends of the District Horticultural Society at the meeting held in the dining room of the Grande Prairie Hotel on Wednesday night, and the keen interest taken assured that the success of future flower shows was stimulated by the success of the first flower show ever held in the Peace River country last summer, the expressed feeling of the meeting was that efforts should be put forth to make the flower show larger and better.

In the absence of the secretary, J. H. Edwards, who on the 24th of September was appointed secretary for the evening.

A. Smart, of Flying Ship reported for the flower show committee. He drew attention to the fact that the show demonstrated that people do not grow flowers for the sake of growing them, but for the love of growing them. Mr. Smart then gave several suggestions for the improvement of the flower show.

Mrs. Harry Newton, chairman of the horticultural committee, reported on the progress made since she said that at present there were nine exhibitors, saw no reason how that it was demonstrated that a real flower show could be put on why the membership should not reach in the neighborhood of two hundred, at least.

Following the report it was decided to start a drive for membership immediately in the various districts. It was the opinion of the meeting that for another year at least anyone can exhibit, whether a member or not. Mr. Clarke of Teepee Creek, well-known horticulturist, after giving valuable advice to the growing of flowers moved that beginning next year two flower shows be held, one in the early summer and one later, in order to give growers the best possible chance to exhibit. The motion met with the unanimous approval of the meeting.
